vida vida

vida – what is it?

vida is the Austrian trade union for transport and services. People from various occupational groups are members of vida.

vida is Spanish for “life”

A higher quality of life requires commitment. Occupational groups including railway workers, persons employed at security agencies, in commerce and in social services, paramedics and hospital staff, caretakers, cleaning staff, tourism and catering employees, hairdressers, barbers and beauticians, persons working in shipping, professional drivers and pilots and flight attendants work day and night to preserve and improve our quality of life.

Living solidarity

If everyone fights against each other in the working world and in society, nobody will end up getting anywhere. Being a vida member is well worthwhile. Each individual member enjoys the community's protection while making the community stronger at the same time. We are a trade union that can be touched and shaped by its members; a trade union that lives and breathes what it does.

Together with local works council members we fight for

vida is your voice

- ✓ vida fights to give you good working conditions and regular time off.
- ✓ vida campaigns for the improvement and the preservation of jobs.
- ✓ vida negotiates more than 150 collective agreements with employers for various occupational groups and renegotiates up to 60 of these each year, establishing fairer remuneration, Christmas and holiday pay and many other framework conditions.
- ✓ vida supports and advises works council and youth consultative council members in their work, providing legal advice and informative literature, or in the negotiation of employment agreements.
- ✓ vida undertakes political lobbying on a national and international level. We want politics to establish framework conditions that make peace, security and prosperity possible for the people.
